3-D Learning and Systems Thinking!
Professional Development Academy
For 6th – 12th Grade Teachers

This 1-day Workshop will prepare teachers to use four simple systems thinking patterns - making Distinctions, seeing part-whole Systems, uncovering Relationships, understanding Perspectives to engage students in real world STEM learning.

DATE: June 3rd or June 24th, 2020
TIME: 8:30 am to 3:30 pm
LOCATION: Maricopa County Cooperative Extension, 4341 E. Broadway Road, Phoenix
Lunch and Curriculum Guide provided.

PLEASE NOTE: This Workshop is a Prerequisite for ALL Aqua STEM Teacher Academies.

Aqua STEM Units use 3-Dimensional Science principles to help students ask questions, define problems, and understand real world solutions.
