

Water Solutions: Past, Present, Future

An Arizona Project WET & SRP STEM Academy

July 13-17, 2015
8:30 a.m. – 4:00 p.m.

Inviting 3rd – 6th Grade Teachers

Day 1 - Water
Diversion in
the Salt River Valley
- An Historical
Perspective

Day 2 - Forest Health
and Watersheds

Day 3 - Managing
Water Distribution

Day 4 - Water
Chemistry

Day 5 - Putting it All
Together With Easy
Technology

Enjoy three field trips, daily presentations by water professionals, and time for lesson planning and collaboration as we:

- Discover the why and how of your water supply.
- Examine engineering solutions to water needs.
- Explore water-related career connections.
- Practice using evidence and reasoning to help your students become independent thinkers.
- Investigate cooperative learning, notebooking, and other 21st Century teaching practices.

Receive a \$250 stipend, 35 professional development hours & copies of four Project WET curriculum guides to use in your classroom. Breakfast, lunch & snacks will be provided.
